RE: Montana's Renewable Energy Procurement Plan Requirement

Dear Kate,

As required by 69-3-2004(3)(a) MCA, Electric City Power, Inc. respectfully submits our renewable energy procurement plan for 2009 as follows:

*Electric City Power, Inc. expects to be competitive electric supplier as defined at 69-3-2001-2008 MCA in 2009.

*An estimated total of retail sales for 2009: 141,168,249 kWh's

*An estimate of the quantity of renewable energy credits needed to comply with the renewable energy standard in 2010: 14,116,824

*Anticipated sources of renewable energy credits:

Co-Generation at Wastewater Treatment Facility
Hydro

Please call me at (406)455-8478 if you need further information.

Sincerely,

Coleen Balzarini
Executive Director
Electric City Power
